Miss Winter

Our incredible Play Team's goal is to help make playtimes fun, creative, inspirational, imaginative and adventurous. They support and enrich play by providing the children with a wide variety of opportunities, whilst allowing the children to take charge of their own play in line with the Playwork Principles. The Play Team carries out dynamic risk management, as they assess the ever changing and evolving play environment. They work with the children to help them recognise and manage risks for themselves, become increasingly confident and independent, but they are always ready to step in if something is unsafe. The Play Team is dedicated to ensuring every child can play safely and have fun.

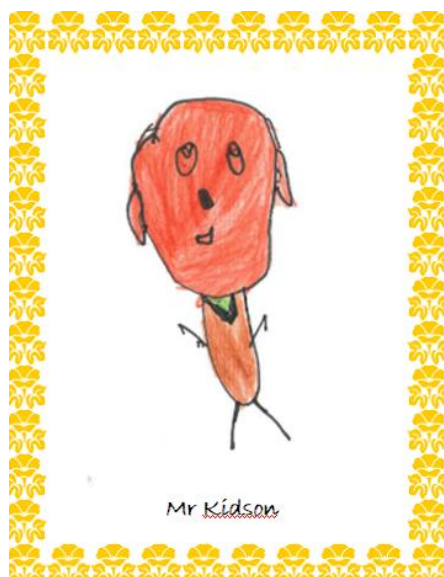

Our Senior Leaders and Team Leaders

Our Senior Leadership Team and Team Leaders love play too. They appreciate the positive benefits OPAL brings to our school and they are always available at playtimes to support the Play Team.
