Goodbye to Aolaith's hair!

We always love to celebrate the wonderful things that the children at Monkfield Park do but this week Aolaith stunned us all with an incredible selfless act. On Tuesday morning in KS1 assembly, Aolaith donated her

stunning red hair to the charity 'the Little Princess Trust' which makes wigs for children who have lost their hair as a result of cancer treatment and other illnesses. Aolaith is such a brave and compassionate girl and has been growing her hair for over a year to be able to make her donation. In addition she has raised over £500 for the charity.

We think Aolaith is AMAZING and she truly epitomises the values and ethos of our school.

Year 6 Visit to the Cambourne Archaeology Project

Following the visit of the archaeologists from Oxford Archaeology last week, Year 6 visited the excavations to see some real life archaeology in action for themselves. After receiving a guided tour of the excavations by ex-Monkfield Park pupils, who are members of the Cambourne Village College Archaeology Club, who had recently discovered a very exciting cess pit, the children were

thrilled to have the opportunity to do some digging for themselves. Using trowels and sieves the children carefully pulled back the layers of earth to reveal sherds of pottery, flints and animal bones—vital pieces of evidence which tell the story of the people

who inhabited the farmstead during the late Iron Age and Roman periods.

Year 6 thoroughly enjoyed being part of the team who are piecing together the history of the people who lived and farmed in Cambourne over 2,000 years ago.

Excavation Open Days

If you would like the opportunity to visit the excavations and see the archaeologists at work, Oxford Archaeology and Cambourne Village College are running open days this weekend on Saturday and Sunday, 30th September and 1st of October. There will be guided tours of the site at the following times: 10am, 11am, 12 noon, 1pm and 2pm. Do go along to learn more about Cambourne's past.

DAY**

Head Teacher roll of honour

This week the following children have been recognised:

Aolaiti in Indigo class—Aolaiti is a most compassionate and kind person. She has shown that she is not afraid to make great personal sacrifices to help others in need.

Alfie in Aquila class — Alfie is so actively involved in his learning, making wonderful contributions in class and demonstrating fantastic reasoning skills in science.

Mikey in Phoenix class—Mikey has impressed everyone with his commitment to learning this term. It is really wonderful to see how organised you are and your determination to succeed, especially in maths.

Year 2 Visit the Nature Reserve

We often forget how fortunate we are to have our very own 90 hectare nature reserve in Cambourne. On

Wednesday the children in Year 2 visited the reserve to study living things and their habitats. The children observed and recorded a variety of living creatures and noted the differences in their habitats at the lake, on Crow Hill, and in the woods. Afterwards everyone had great fun pretending to be woodland creatures, as they worked together to determine which objects around them were living, dead or had never been alive.

Eco Group

On Wednesday evening the members of our brand new Eco Group helped South Cambridgeshire District Councillor, Mark Howell, launch National Recycle Week. Together with the shared waste team for Cambridge City Council and South Cambridgeshire District Council, the children handed out a green kitchen caddy to all parents and carers as they collected their children at the end of the school day. We look forward to hearing how the Eco Group members are going to help us become a much greener school over the coming months.

Thank You For Your Harvest Gifts

On Thursday morning we held our annual Harvest Festival assembly in school. We would like to say a huge thank you to you all for your very generous gifts of food which will be shared between the Cambourne Food Bank and Jimmy's Night Shelter.

The table was groaning under the weight of so many wonderful food items which we know will help many people who are homeless or finding it difficult to make ends meet in our own community at the moment.
