

## MATHS

We will be developing our understanding of Time, Angles and Shapes, Mass and Capacity.

We will be applying our Mathematical knowledge to solve real life problems, showcasing our learning of Mathematics across Year 3. We will also be preparing for Year 4 with a focus on our Times Tables.

## ENGLISH

### JAMES AND THE GIANT PEACH

We will be exploring the characters, settings and scenes in James and the Giant Peach in order to create our own version

### BIOGRAPHY

We will be exploring the life of Roald Dahl and researching in order to create a biography of his life

## SCIENCE

This half term our topic is 'Can you see me?' We will be learning about light, shadow, and translucency.

## COMPUTING

We will be using Purple Mash to learn about PowerPoints, and having a go at sharing through class presentations about our Topic.

## MUSIC

Using Charanga's 'Blown Away Book 1', we will play and perform using tuned instruments with increasing accuracy and fluency.

## ART

### SELF PORTRAITS

We will be producing self-portraits, in the style of Quentin Blake using a variety of media including pastels

## P.E.

### GAMES

Children will be developing their ball skills, including aspects of striking and fielding.

We will be honing these skills through friendly competition and sportsmanship at our annual Monkfield Park Sports Day.

# Roald Dahl

## James and the Giant Peach

### Our European Neighbours

We will be locating Europe on a world map, learning about capital cities and other geographical features.

## SPANISH

### FOODS, DAYS OF THE WEEK, STORIES & SONGS

We will be learning key vocabulary and practising using these both orally and in writing.

## R.E

We will look at how and why religious and non-religious people look after the world we live in.

## PSHE

Managing Change.
